DETAILED ACTION

Claims 3,13-15 have been canceled by applicants' amendment, filed 11/18/05.

Applicants' amendment filed, 11/18/05 has overcome the objections to the drawings and claim 16 listed in the previous office action.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael Stanely on 3/30/06.

The application has been amended as follows:

In claim 4 line 1, after the words "The method of claim" and before the words "further comprising", delete the numeral [3] and insert in its place – 1--.

Allowable Subject Matter

Claims 1-2,4-12,16-18 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance: With respect to independent claims 1,16, the prior art of record does not explicitly disclose nor teach

Art Unit: 2881

a method and apparatus for analyzing a sample using ion mobility spectrometry comprising an ion gate controller in communication with the ion gate and arranged to pulse the ion gate during a predetermined scan time using a temporally spaced pattern comprising a plurality of ion admitting periods and a plurality of ion repelling periods, each ion admitting period representing a distinct length of time corresponding to a distinct admission frequency, in combination with the remaining aspects of the claim.

In addition the examiner would like to state that applicant's arguments, see amendment, filed 11/18/05, with respect to claims 1-2,4-12,16-18 have been fully considered and are persuasive. Since the prior art of record does not teach nor disclose this aspect, independent claims 1,16, and dependent claims 2,4-12,17-18, which also incorporate this aspect are deemed allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
